Sustaining Subscriptions (Please use alternate form for Membership Application)
or Subscriptions to *Canadian Acoustics*

Subscriptions to the journal *Canadian Acoustics* are available to companies and institutions at the institutional subscription price of \$80.00, plus a surcharge if mailing outside Canada. Many companies and institutions prefer to be a Sustaining Subscriber, paying \$350.00 per year, in order to assist the CAA financially. A list of Sustaining Subscribers is published in each issue of the journal *Canadian Acoustics*. Subscriptions for the current calendar year are due by January 31. New subscriptions received before August 31 will be applied to the current year and include that year's back issues of *Canadian Acoustics*, if available. Subscriptions after August 31 will normally be applied to the next year.
